

WE LOVE OUR MOTHERS!

My Madre's Angels is a community project founded by John Brewer, with the mission of helping mentor single mothers with the goal of financial security for them and their children.

MEET OUR CURRENT MENTEES!

Kathrine

First is Kathrine. She is a mother of three the oldest is 12. She needs our patronage for her new business to prosper. She is selling custom hand painted shirts 6 mil. and the Italian-style sauce commonly known as Pesto. 2 MIL buys you 5.5 oz. She is also offering roasted peppers in Olive oil. You can contact Kathrine via John's contact info below.

Our second soltera is Gesela, she is mother of two girls. She has an on-line business selling jewelry. You can view her beautiful yet inexpensive items online. If you go to Facebook Gesela Jimenez and enter *Ci Eji joyeria en acero y accesorios* you will see her jewelry.

Gesela is available for house cleaning and can help with many things as she is a very smart woman with fair to good English skills. You can contact her at 6079-6904.

If you are retired but still active and like to help, you can! We hope you will help these mothers create an independent and secure financial future by supporting them through sales or become a silent sponsor for less than 33 cents per day. That is only 5 mil per month to improve a family's future.

Gesela with her girls.

Please show your love for Costa Rican Mothers and their children, and sign up to help **Mi Madre's Angels** today.

Sincerely, John Brewer, founder of
Mi Madre's Angels
